

Veldra Sportswear account plan 2022

Account owner: Hilde Maes, Enterprise accounts

Last update: 4 November 2022 (contacts and Q4 status)

1. Account summary

Veldra Sportswear designs and sells sports apparel and footwear. The European group is run from Veldra Europe B.V. in Amsterdam. Veldra has been an SD Worx customer since 2010, when Veldra Belgium NV moved its payroll to us for the new distribution centre in Laakdal. For eight years this was a Belgian-only account. The Netherlands followed in 2018.

	2022
Customer since	2010
Entities with SD Worx payroll	2 (BE, NL)
Employees on SD Worx payroll	about 2,100
Other Veldra entities in Europe	DE, FR, ES (other providers)
Annual contract value	see CRM, opportunity VEL-2022-01

2. Entities and services

Entity	Site	Employees	Payroll	Other services
Veldra Belgium NV	DC Laakdal, office Brussels	1,420	SD Worx social secretariat, managed payroll	Protime (time registration, DC Laakdal)
Veldra Europe B.V.	HQ Amsterdam	690	Legacy Dutch engine. Migration to Innovapay planned for 2023	None yet

Belgium: bedienden in PC 200, arbeiders at the distribution centre on hourly pay with shift premiums. Peak season (September to December) brings around 250 temporary workers through agencies. They are not on our payroll.

Netherlands: the Dutch team runs payroll on the legacy engine. Veldra wants one payroll platform for Benelux. The Dutch migration is planned for 2023 and will be the reference for a later Belgian move.

3. Key contacts

Veldra

Name	Role	Relationship
Paul Verbeke	HR director Benelux	Decision maker for HR and payroll. Signs the service agreement. Positive about SD Worx, wants fewer manual steps.
Mark Janssen	Payroll manager Benelux	Day-to-day contact for payroll input and the monthly calendar. Detail oriented, escalates quickly when payslips are late.

SD Worx

Name	Role
Hilde Maes	Global account owner
Wim Van den Broeck	Service delivery manager Benelux, escalation contact
Payroll team Veldra BE	Enterprise payroll Antwerp, shared mailbox
Payroll team Veldra NL	Enterprise payroll Utrecht, shared mailbox

4. Service calendar and SLAs (Belgium)

- Monthly payroll input cut-off: the 20th of the month, 17:00. Changes after the cut-off go to the next month or a correction run.
- Payslips available in the portal on the second to last working day of the month.
- Correction runs: maximum one per month, on request of Mark Janssen.
- Year-end: eindejaarspremie paid with the December payroll, dubbel vakantiegeld for bedienden in May.

5. Escalation path

1. Payroll consultant of the Veldra team (shared mailbox, reply within one working day).
2. Wim Van den Broeck, service delivery manager Benelux.
3. Hilde Maes, global account owner.

Paul Verbeke has asked to be informed directly about any payroll incident that affects more than 20 employees.

6. Governance

- Quarterly service review with Paul Verbeke and Mark Janssen (Brussels or Amsterdam, alternating).
- Yearly strategic review in January with the Veldra Europe HR leadership.
- Monthly operational call Belgium between Mark Janssen and the payroll team.

7. Growth opportunities

Opportunity	Status November 2022	Next step
Veldra Iberia (ES), managed payroll, about 250 employees	RFP received in September	Proposal with SD Worx Spain before end of year
Veldra Deutschland (DE), office and stores	Current provider contract ends 2024	Introduce the German team in 2023
Veldra France (FR)	Local provider, no contact yet	Ask Paul Verbeke for the right person in Paris
Flex Income Plan Belgium	Interest from Paul Verbeke after the reward survey	Demo in Q1 2023

8. Risks

- Peak season in Q4 puts pressure on the monthly cut-off, because hours and premiums for the DC come in late.
- The Dutch migration in 2023 needs Veldra HR capacity that is also needed for their own HR system project.
- Most of the knowledge about the Belgian set-up (shift premiums, cost centre mapping) sits with two people in the payroll team.

9. Goals for 2022

1. No late payslips and at most two correction runs for the year in Belgium.
2. Sign the Dutch migration plan by Q3.
3. Win the Spanish RFP.
4. Get a first meeting with Veldra Deutschland.
