

Veldra Iberia SL: instrucciones de nómina / payroll

working instructions

Managed payroll Spain, Barcelona

Owner: Marta Llorens, payroll service manager

Version	Date	Change
1.0	12-09-2023	First version for go-live October 2023
1.1	08-01-2024	New stores Valencia and Zaragoza
1.2	15-01-2025	Salary tables 2025, SMI 2025, new store Bilbao

This instruction is written in English so the Veldra account team in Belgium can read it. Spanish terms are kept where they are used on the payslip.

1. Company data

Company	Veldra Iberia SL
Workplaces	Office Barcelona, 9 stores
Employees	about 300 (office about 60, stores about 240)
Social security	One código de cuenta de cotización per province
Collective agreements (convenios)	Office: convenio de oficinas y despachos de Cataluña. Stores: convenio del comercio textil of the province of each store
Customer contact	HR manager Iberia, Barcelona office

2. Monthly calendar

Day	Step
15th	Cut-off for variable data from Veldra (hours, commissions, absences, new hires)
20th	Draft payroll and cost report to Veldra
22nd	Approval by Veldra
Last working day	Payment of salaries (transferencia)
Before the last calendar day of the following month	Social security contributions through Sistema RED / SILTRA

Day	Step
20th of the following month	Modelo 111 (IRPF withholding), monthly because Veldra Iberia files as a gran empresa

New hires must be registered with the Seguridad Social (alta) before the first working day and communicated to the SEPE through Contrat@ within 10 days. Veldra sends the signed contract and the employee's data at least 3 working days before the start date.

3. Salary structure

- Salario base according to the table of the applicable convenio and professional group.
- Plus convenio and, for store staff, plus de domingos y festivos for work on Sundays and public holidays that stores open.
- Commissions for store managers, paid the month after Veldra sends the figures.
- Complemento personal for employees who came from the previous franchise partner in 2023.

Check every January that no salario base is below the SMI for the year. For 2025 the SMI tables were updated in version 1.2.

4. Pagas extra (extra payments)

Veldra Iberia pays 14 salaries per year: 12 monthly salaries and 2 pagas extra. All employees, office and stores, receive the pagas extra with the June and December payroll.

Paga extra	Paid with	Accrual period
Paga de verano	June payroll	1 January to 30 June
Paga de Navidad	December payroll	1 July to 31 December

Each paga extra is one month of salario base plus the plus convenio. Employees who start or leave during the accrual period receive a prorated amount. On termination, the accrued part is paid in the finiquito.

Social security contributions are calculated monthly on the prorated pagas extra (prorrata de pagas extra in the contribution base), even though the payment itself is made in June and December.

5. IRPF

- Withholding percentage recalculated in January and when salary or family situation changes (modelo 145 from the employee).
- Annual summary modelo 190 in January.
- Certificates of withholding to employees by the end of February.

6. Absences

- Incapacidad temporal (IT): Veldra complements the benefit to 100% of salary from day 1 for office staff and from day 4 for store staff, according to the convenios.
- Birth and care of a child: benefit paid directly by the INSS, no salary during the leave. Register the leave in the payroll and send the certificate of company data (certificado de empresa) through Sistema RED.

7. Contacts
