

Veldra handover notes

I move to the Prottime product team on 15 October. From then Elif Aydin is the account owner for Veldra. These notes are what I would tell you over a coffee. The 2022 account plan is still the most complete document, but a lot of it has changed. Use this list first and the plan for background.

Who is who at Veldra

- **Charlotte Dubois**, group HR director Europe (since June 2024). The decision maker. She signed annex B in 2025 and chairs the quarterly service review. Prefers short written updates before a meeting.
- **Mark Janssen**, payroll manager Benelux. Day to day for BE and NL. Very precise, will call you directly if payslips are late.
- **Anja Keller**, HR business partner Germany. Main contact for the German go-live and Prottime.
- Paul Verbeke (in the 2022 plan and the contact list) left Veldra in 2024. Do not send him anything.
- TODO: name of the HR manager Iberia (Marta knows)
- TODO: payroll contact at Veldra France

Things you need to know now

1. **Escalation Benelux is Sofie Hermans**, not Wim. Wim moved to the Innovapay programme in March 2025. The contact and escalation list on the Veldra site still shows Wim and is not maintained. TODO: fix or delete that list.

2. **Cut-off Belgium is the 18th** (annex B 2025). The 2022 plan says the 20th, that is the old calendar. Mark asked on 8 September to move it to the 17th from Q4. Nothing agreed yet. Sofie is checking with the payroll team whether we can do it. Needs a written change to annex B if we say yes.
3. **Germany:** go-live moved from April to 1 July because of data migration problems. The wiki status page still says April, ignore it. Protime for the stores is on hold until the Betriebsrat agrees. Ruben Jacobs follows this up with Katrin.
4. **France:** since the Paie & RH Solutions integration, Julie Martin is our contact. The old paie-rh-solutions addresses do not work any more.
5. **Pay transparency:** Charlotte wants one approach for the gender pay gap reports across all countries. TODO: agree with Legal who answers her questions.
